

BODY PIERCING AFTERCARE INSTRUCTIONS

We appreciate you choosing us to do your piercings. If you had a great experience, please leave us a review on Google. If there was anything you think we could have done better or were not satisfied with your visit, please email Ray Lucero at raylucero80@gmail.com and we will do what we need to do to address your concerns.

You are hereby notified of the possible risks and dangers associated with receiving a body piercing. These risks and dangers include, but are not limited to, at least the following:

*The possibility of discomfort or pain *The risk of infection

*The possibility of scarring *The possibility of bleeding *The possibility of swelling and safety.

* The possibility of nerve damage; and

*The increased risk for adolescents during certain stages of development.

I understand that all studio activity is recorded and monitored for quality

The client shall consult a health care practitioner at the first sign of infection or an allergic reaction, and report any diagnosed infection, allergic reaction, or adverse reaction resulting from the body piercing to the artist and to the Texas Department of State Health Services, Drugs and Medical Devices Group, at 512-834-6711.

CLEANING SOLUTIONS

We strongly encourage you to use a STERILE SALINE WOUND WASH. Contact lens saline, eye drops, and other

saline products should NEVER be used on a body piercing. Your saline ingredients should list .09% sodium chloride as the only ingredient.

Standard Body Piercing Aftercare Suggestions.

We recommend using saline soaks 2-3 times a day for the initial healing period. We recommend using a STERILE SALINE WOUND WASH SPRAY. For this product all you need to do is soak a piece of gauze in saline and simply hold it to your piercing for a few minutes at a time. If there are any leftover "crusties" on your jewelry, gently remove them with the soaked gauze. Never use rubbing alcohol, peroxide, bactine, ointments like Neosporin, or any of the Ear Care solutions. Do not play with or rotate your jewelry. Do not remove your jewelry to clean it.
